Comment. Tuintin YU Yi-tang is believed to be the same person as Cuintin YU Yi-tung who has been described as a Chinese leader of the Communist Party in the Philippines. He was scheduled to arrive in Hong Kong from Japan on 7 June 1950. It is believed that he carried Communist documents to Tokyo and Hong Kong, where he will pick up other documents before returning to Manila. A search of YU in Hong Kong about 14 June 1950 was unsuccessful in locating the documents.
